Maintenance	
Laundry:	   
Washing:	rinse twice assuring all cleaning chemicals are removed main program for synthetic fibers at 95°C, for environmental reasons at 60° C or less is preferred rinse twice assuring all laundry agents are removed temperatures and water volume according
	tumble drying at lower heat
	do not use bleach or softener
	low water level during processing or overloading washing machine (max a. 80% of door window) may cause irreversible damage to cloths.
Disinfection:	non- bleach disinfectant* laundry agent and autoclaving may be used if required *e.g. peroxide based; this may affect colors
Durability:	500 washing cycles. Rough surfaces like safety flooring will reduce lifetime expectations
Disposable:	Rekola Reflex UMF Standard waffle cloths are purely synthetics: may be used for recycling programs; or because of their high energy value and with no other than CO ₂ and water as emission, safely disposed by controlled energy-supply programs.
Components	
Body:	100% split Ultra Microfiber, 80% PES 20 PA and F= 0,154 Dtex
Characteristics	
Shrinkage:	< 5% at recommended washing instructions
Color fastness	4 <i>standard request ≥ 3-4</i>
Charging	5,4 DAC value <i>standard request minimum 2,5</i>
Abrasion	7,4 Gloss differential <i>standard request < 20</i>
Weber&Leucht S301/1.3 dirt removal	Varnished wood Dust A23 Dry 93 % <i>standard request ≥ 85</i> Glass Dust A23 Damp 90 % <i>standard request ≥ 85</i> Ceramic Tile Bathroom dirt A17 Damp 90 % <i>standard request ≥ 85</i>
Bacteria reduction	E-coli 99,9% log 3,0 S.aureus 99,36 log 2,19
Guarantee	
500 times use and wash in general hygiene cleaning circumstances More usages can be achieved if considering optimal laundry and cleaning conditions. For instruction and details ask your distributor.
